

TR Licensure Committee Update
(November 2009)

The TR Licensure Committee has some wonderful news about the TR Licensure Bill. Our bill was introduced to the NYS Senate by Senator Andrew Lanza from Staten Island on October 28, 2009 and has been referred to the Committee on Rules. We presently have the bill in both the Assembly (A8073A) and Senate (S6252). Our next step is to make sure the bill continues to go through the proper committees and become law.

Although we are getting closer to passing the bill, all of us must continue to ask the support of our legislators. We call upon **you** to contact your legislators in support of the bill. Email them or call. If you can, we also ask you to contact some or all of those legislators on the Education committee in the Assembly and on the Rules committee in the Senate.

Please contact either Vinnie Bonadies or Linda Dianto (Committee co-chairs) if you have any questions.
